Chromebook (ALL HS STUDENTS)

Grades 9-11 - must provide their own chromebook. Chromebook will be registered with the school's Google Account during the school year.

Grade 12 - may rent a school device for \$50 (to stay at school) or \$75 to use at school and home for the school year.

A homework pass will be given to any student bringing all supplies the first day of class

Chromebook Update for 2021-2022 School Year

Faith Christian High School utilizes technology throughout all subjects. This requires students to have 1:1 access to a Chromebook. Previously Chromebooks have been made available to students for lease. Starting this school year, FCS will begin to phase out the lease option in the following manner:

- All 9th - 11th grade students will be required to bring their own Chromebook as part of their school supplies.
- The Chromebook will have to be registered with the school's Google account during the school year. It is recommended that this be done prior to the first day of school. A notification will be sent out as to when they may be brought in to register.
- FCS does recommend that 12th grade students bring their own personal device, however, 12th grade students may lease a school Chromebook for the 2021-2022 school year.
 - Option 1: \$50 - Device will be available for use during the school day but must remain at school. A signed contract and payment is required before a device will be given.
 - Option 2: \$75 - Device may be used at school and home for the school year. A signed contract and payment is required before a device will be given.
 - Option 3: Any student (12) that will be using the same school device for the 3rd or 4th year may purchase the device for \$85.
