

History of Faith Christian School with Mrs. Turner Podcast

This is Faith Christian School's 30th anniversary year. Mrs. Darcy Turner, Assistant Head of School, has worked at FCS in many different capacities since the school was founded 30 years ago. She started working in the after school care program and worked her way through several different teaching and administrative jobs.

Discussion

What is your why/ What do you want your students to learn from you?

Our school's why or purpose is for students to be engaged by Christ so they can engage the world for Christ. Specifically for me as the elementary principal I hope that I demonstrate that to my students by showing my them to serve the Lord joyfully and I hope that I am an example of His love to them; and to know that serving the Lord is best and most important decision they will ever make. He is a part of everything they do- their academics, their friendships, discipline, and what they want to become- Christ loves them and has something very special for them to do.

What are some of your most memorable moments?

I have had so many great moments at Faith. My best memories involve the people... faculty, parents, and especially the students. I have been blessed to have had great mentors and friends, who have taught me so much – the students are the ones who make my days- they make me laugh and cry, and feel so special.

When I think about milestones for the school I remember when we first started our athletic program, our first football season, adding high school, our first graduating class, the excitement of adding each building on the campus, amazing musical and drama performances (especially those that honored our veterans and active duty military)

I have also experienced great moments as an FCS parent; I specifically remember the outpouring of love and support when we adopted our first daughter- the teachers, parents, and students gave me the most amazing baby shower ever. Every class was involved with bringing something specific for the baby.....diapers, bottles, books, clothes—it was overwhelming. Both of my daughters have grown up here; they have played sports, participated in musicals, and made lasting friendships- my oldest daughter graduated from here last year. It was an incredible moment to be able to call her name as she received her diploma. I am looking forward to that again next year when my youngest daughter graduates. It's the relationships and family atmosphere that makes Faith a special place.

What advice would you give a new teacher just starting out at FCS?

I would want a new teacher to know that he or she is joining a great family. That they are supported not only in the classroom, but also through all of life's journeys.

What do you want parents to know about FCS?

That their students are genuinely loved and cared for. We want to see them all succeed and help them through their difficult times. To stay connected with teachers, seek answers to their questions or concerns, and get involved activities no matter how old their students are. They are important to us and vital to the success of their students.
