

FAITH CHRISTIAN SCHOOL

Summer Reading Project

(Rising 2nd - 5th Graders)

Dear Parents/Guardians,

To help our students continue growing as strong readers over the summer, each student will participate in a Summer Reading Project using Accelerated Reader (AR).

Students are encouraged to read AR books throughout the summer and take AR quizzes to earn points toward their AR goal. Each grade has been given an AR goal based on their reading level and abilities.

Please check the books your child reads (prior to reading) to make sure they are AR books and are at an appropriate reading level for your child. You can visit [AR BookFinder](#) and type in the title of the book to find its reading level and quiz availability. If the title does not appear, the book does not have an AR quiz available.

The reading project **will count as a reading test grade** at the beginning of the next school year. As such, academic integrity is vital. Students should complete all reading and AR quizzes **independently**. Students may not use online summaries, answer-sharing websites, or assistance from others while taking quizzes. Honest effort and personal responsibility help ensure meaningful growth and success in reading.

Ways you can help at home:

- Encourage your child to read daily.
- Help them choose books within their AR reading level.
- Remind them to take their AR quizzes after finishing each book.

Students will need to log in to their AR account by accessing the site below and entering their login information. Your child will have access to the site from June 1, 2026, through July 31, 2026. All quizzes must be completed during this window for points to count toward the reading goal. Please remember that this project will count as a test grade.

Thank you for partnering with us to support your child's learning and love of reading. We hope you have a safe, restful, and book-filled summer!
